phase: completed  
design timetable: 10.2010-04.2011  
worksite timetable: 09.2011-01.2013

The rehabilitation project of the Rothschild Foundation provides a reflection on the historical building structure as well as its functional complexity.

The complete reorganization of the ground floor with the redevelopment of public consulting areas, waiting areas and café on one hand; the reorganization and renovation of tertiary spaces on the other, are the two themes we have worked on.
